I am an award winning graphic designer with over 15 years of field experience. My main focus and passion is minimal design with maximum output and efficiency.

| I do know how to code, yet I embrace graphic design the most.

A —standalone— team-player which an extensive range of skills. I adore to write my own tools, scripts, actions to enhance my work flow.

### **My Value:**

Flexible, driven, honest and spontaneous. Thorough knowledge of virtually each Adobe package. In depth knowledge of how programming logic works; I communicate perfectly with —thus— satisfied developers. Broad expertise in graphic design, typography and developing concepts with optimal ROI.
